Please print, complete, and give a copy to the shelter when you make a Snuggles donation.

"All I need is a Snuggle
... and a place to call home."

Please accept this donation of Snuggles _____ _____ (state number and sizes*) which I am donating to you as part of the Snuggles Project. They are given to your shelter for use by the animals in your care. Do not sell them or give them away in your adoption kits. The animals in your shelter need this comfort so they can get adopted.

The Snuggles Project is an exclusive project of Hugs for Homeless Animals, a 501c3 nonprofit organization dedicated to homeless and displaced animals. Snuggles are security blankets for shelter animals that provide physical and psychological comfort to the animals. They also provide a homey environment for the shelters and a real good feeling for me as I donate my handmade Snuggles to your shelter animals. If you would like more information about the Snuggles Project, please visit the website listed below.
