

Please print, complete, and give a copy to the shelter when you make a Snuggles donation.

“All I need is a Snuggle  
... and a place to call home.”

Please accept this donation of Snuggles \_\_\_\_\_  
\_\_\_\_\_ (state number and sizes\*) which I am donating to you as part  
of the Snuggles Project. They are given to your shelter for use by the animals in your care. Please do not sell them  
or give them away in your adoption kits. The animals in your shelter need this comfort to help them get adopted.

The Snuggles Project is an exclusive project of Hugs Society, a 501c3 nonprofit organization dedicated to  
homeless and displaced animals. Snuggles are security blankets for shelter animals that provide physical and  
psychological comfort to the animals. They also provide a homey environment for the shelters and a real good  
feeling for me as I donate my handmade Snuggles to your shelter animals. If you would like more information  
about the Snuggles Project, please visit the website listed below.
